BIO

Computer Systems Engineer and Office Automation Technician, passionate about technology and innovation. My goal is to apply my knowledge in developing solutions that drive digital transformation, while continuing to learn and grow professionally in the field of artificial intelligence, staying up-to-date with the latest technologies and methodologies.

PROFESSIONAL  
EXPERIENCE

**Fortune Acoustics**  
**Community Manager & UX/UI Specialist | January 2025 – Present**

I carry out activities related to digital marketing and UX/UI to strengthen the brand:

- Designed and developed strategic landing pages that increased lead conversion.
- Redesigned and optimized the current e-commerce platform.
- Created digital advertising campaigns with a user-experience-focused approach.

**Clarify**  
**Project Manager and Developer | May 2024-November 2024**

Led the development of a mobile application awarded at Innovatec 2024 with national honorable mention:

- Designed user interfaces (UI) focused on usability and accessibility.
- Conducted usability testing.
- Implemented user experience (UX) flows.
- Trained AI models for visual recognition.
- Developed interactive prototypes in Figma for user validation.
- Built the multiplatform application using Flutter.

**ACISTI**  
**Treasurer and Head of the Women´s Secretariat | 2024-2025**

Served on the 2024–2025 board of the Civil Association of Systems, ICT, and Computer Engineering (ACISTI) at the Instituto Tecnológico de Durango, holding the roles of treasurer and head of the Women´s Secretariat.

**HACK-ACISTI 2024**  
**Organizer | October 2024**

Part of the organizing committee for HACK-ACISTI 2024, a hackathon organized by ACISTI at the Instituto Tecnológico de Durango.
